

Workbench switch K700/TAZ/ST6/SD3 with Schuko power socket

Manufacturer:	Klinger & Born
Type:	K700/TAZ/ST6/SD3/P
Product no.:	0098.7020
Weight:	0.690

■ Details

AC switch-plug combination for the connection from power tools with European standard connector (Type F, CEE 7/4 plug, CEE 7/7 plug)-plug.

■ Typical example of application

Used for workbenches, under which hand-held power tools like circular saws or routing machines are mounted, a switch-plug combination is mounted on the workbench and the machine is plugged into the connector (Type F, CEE 7/4 plug, CEE 7/7 plug). The machine can then be switched on and off directly on the switch-plug combination, while the machine itself stays in the on-position.

■ Properties

- 2-pole switch (Contactor)
- Switching capacity up to 3 kW
- With undervoltage release
- Including splash water proof cover

■ Installation

The switch is screwed on the housing base. Grid dimension of the screws: 68 x 68 mm.

■ Specifications

Voltage Ue	230 V~
Current Ie	13.5 A
Contactor	KB-04, 230 V/3s~
Switching capacity	3.0 kW 230V~
Type of actuation	Mechanically on/off
Connector	European standard connector (Type F, CEE 7/4 plug, CEE 7/7 plug), 16A
Socket	European standard connector (Type F, CEE 7/4 plug, CEE 7/7 plug), 16A
Housing material	Polypropylene PP
Mounting position	Any
Protection class	IP54, splash water proof
Mounting dimensions	68 x 68 mm
