

## Operating capacitor 10 µF / 450 V with cable connection

Manufacturer:	Comar
Type:	MKA 450-10 / CB250
Product no.:	100450MKP
Weight:	0.070

### ■ Details

Capacitor with cable connection for the operation of single-phase AC motors, e.g. Of concrete mixers, garden pumps, small circular saws.

### ■ Construction

Metalized film capacitor inside a self-extinguishing plastic case (V2) with cable connection and base screw.

### ■ Note regarding voltage information

The voltage information refers to the dielectric strength and not the operating voltage. The capacitor can be used with a 230V AC motor.

### ■ Technical values according to EN 60252-1 (VDE560-8)

Capacity	10 µF ±5% nominal value
Nominal voltage	450 V, 50-60Hz
Operating mode	Continuous operation
Operating temperature	-25° up to +85°C
Climate category	25/85/21
Application class	400V - B 10000h (HPFNT) 450V - C 3000h (HPFPU)
Protection class	IP 54
Connection	Cable 2 x 0.5 mm <sup>2</sup> , length 250 mm, coated
Housing dimensions	Ø30 x 70 mm
Base screw	M8 x 10

### ■ Please note

The polarity does not matter when installing operating capacitors.
