

## Switch-plug combination up to 3 kW with undervoltage release

Manufacturer: Tripus  
Type: 204P960  
Product no.: SSK200  
Weight: 0.300

### ■ Details

Switch-plug combination with zero voltage release for AC-motors up to 3 kW. the connection of the switch is made with the open base.

When the voltage drops, the switch actuates, therefore a connected device can not turn itself back on when the power recovers.

### ■ Properties

- 2-pole switch
- Switching capacity up to 3 kW
- With undervoltage release
- With connection possibility for thermal contact
- Including splash water proof cover
- Base open

### ■ Specifications

Voltage Ue	250 V~
Current Ie	13.5 A
Protection class	IP44
Switch	<a href="#">Tripus 555.109</a> (with coil connection)
Switching capacity	3 kW
Connector	Safety plug (Type F, CEE 7/4 plug, CEE 7/7 plug)
Switch	2-pole
Type of actuation	Mechanically on/off
Mounting position	Any
Mounting dimensions	68 x 68 mm

### ■ Fitting capacitors, if required

Fitting capacitors can be found at the catalog "replacement parts" at [Operating capacitor](#).

The right capacitor capacity can be found as specification in microfarad ( $\mu\text{F}$ ) on the capacitor or the type plate of the motor.
